NEWS LETTER N.2

2023

August 15

THE BEST PRACTICES

All the project partners have worked and identified four Good Existing Practices in teaching STEM through innovative pedagogical approaches in the own country and various stakeholders to be involved in the project activities.

THE RESEARCH

The partnership has already developed a research on the importance of STEM in education in each of the countries involved in the project to have a detailed overview of its use and development in Europe.

THE SECOND TPM

The second project meeting will be realised in Paderborn (Germany) in the period 29-31 august 2023 (including travel days) and will be hosted by the Univeristy of Paderborn. During the meeting the partners will present the work already developed for the project

This publication was realized in the project "Learn STEM" in the framework of the European programme "Programme Erasmus Plus KA220-SCH - Cooperation partnerships in school education" This project has been funded with support from the European Commission.
