2024

January 15

**WORK IN
PROGRESS**

WORK IN PROGRESS

Each school partner is working on creating f activities in line with the themes defined for each topic. A total of 16 learning units will be developed within the LearnSTEM Pedagogical Model on the following 4 topics: Recycling, Pollution, Nature, and Climate.

THE PLATFORM

The e-learning platform prototype, developed by the German partner Ingenious Knowledge GmbH, is in construction and it will be presented and showed to all partners during the next project meeting planned in Greece.

THE THIRD TPM

The third project meeting will be realised in Kavala (Greece) in the period 31/01/2024-02/02/2024 (including travel days) and will be hosted by IEK KAVALAS. During the 3rd TPM the partners will present the work already developed and will discuss the next steps.
